

Urologic Nursing® Call for Authors

The *Urologic Nursing* journal Editorial Board is interested in receiving and reviewing manuscripts in all areas of urologic nursing (see below). Expert assistance for new writers is available from members of the journal's Editorial Board. Help with topic selection, outlining, and article format is also available. Visit www.sun.org/unj for the Editorial Board listing and to download complete author guidelines. Direct inquiries may be emailed to uronsg@ajj.com
