## Urologic Nursing 2016 Subject Index

### Abstracts

- A Brief Economic Analysis of the Looming Nursing Shortage in the United States, 205
- A Decision Aid to Support Informed Choices for Patients Recently Diagnosed with Prostate Cancer, 48
- Health Care Providers' Implicit and Explicit Attitudes Toward Lesbian Women and Gay Men, 308
- Leadership, Knowledge Sharing, and Creativity, 49
- Nursing Process Decision Support System for Urology Ward, 307
- Patient Education Process in Oncologic Context: What, Why, and by Whom?, 49
- Prevalence of Urinary Incontinence and Associated Factors in Nursing Home Residents, 205
- Student-Faculty Lunch Program to Increase Mentoring and Facilitate Cross-Program Relationships in Schools of Nursing, 205
- A Study on Body Image, Sexual Quality of Life, Depression, and Quality of Life in Middle-Aged Adults, 307
- Understanding Compassion Fatigue: Understanding Compassion, 308
- Vaginal Mesh in Pelvic Reconstructive Surgery: Controversies, Current Use, and Complications, 48

### Advanced Practice

- Skeletal Health Part 1: Overview of Bone Health and Management in the Cancer Setting, 17
- Skeletal Health Part 2: Development of a Nurse Practitioner Bone Support Clinic for Urologic Patients, 22

### Biofeedback

- Pelvic Floor Biofeedback via a Smart Phone App for Treatment of Stress Urinary Incontinence, 88

- Pelvic Muscle Exercises Using a Home Trainer for Pelvic Muscle Dysfunction: A Case Report, 82

### Bladder

- Avoiding Same-Day Cystoscopy Cancellations by Veterans: Nurse-Led Education Improved Efficiency for Cystoscopy in VA Urology Clinics, 275
- Cycling Versus Continuous Mode in Neuromodulator Programming: A Crossover, Randomized, Controlled Trial, 123
- Hazardous Drugs in the Urology Workplace: Focus on Intravesical Medications, 183
- Healthcare Costs Associated with Hydrophilic-Coated and Non-Coated Urinary Catheters for Intermittent Use in the United States, 233
- Indicators of Health Literacy in Bladder Cancer Survivors: A Secondary Analysis of the Integrative Health Interview Series (IHIS), 37
- Preoperative Nutritional Status and the Impact on Radical Cystectomy Recovery: An International Comparative Study, 133

### Bone Health

- Osteonecrosis of the Jaw in Patients Receiving Bone-Targeted Therapies: An Overview – Part I, 111
- Retrospective Audit: Does Prior Assessment by Oral and Maxillofacial Surgeons Reduce the Risk of Osteonecrosis of the Jaw in Patients Receiving Bone-Targeted Therapies for Metastatic Cancers to the Skeleton? – Part II, 117
- Skeletal Health Part 1: Overview of Bone Health and Management in the Cancer Setting, 17
- Skeletal Health Part 2: Development of a Nurse Practitioner Bone Support Clinic for Urologic Patients, 22

### Book Reviews

- Review of 'The Nurse Practitioner in Urology,' 303

### Cancer

- Application to the Evidence Base: Decision-Making in Prostate Cancer: Active Surveillance over Other Treatment Options, 150
- Ciprofloxacin Resistance: A Review of Patients in East London Undergoing Prostate Biopsy, 173
- A Decision Aid to Support Informed Choices for Patients Recently Diagnosed with Prostate Cancer, 48
- Decision-Making in Prostate Cancer: Active Surveillance Over Other Treatment Options, 141
- The Effects of a Take-Home Educational Video on Patient Knowledge Retention, Anxiety, Satisfaction, and Provider Time, 297
- Hazardous Drugs in the Urology Workplace: Focus on Intravesical Medications, 183
- Identifying Unmet Care Needs of Patients with Prostate Cancer to Assist with Their Success in Coping, 224
- Indicators of Health Literacy in Bladder Cancer Survivors: A Secondary Analysis of the Integrative Health Interview Series (IHIS), 37
- Osteonecrosis of the Jaw in Patients Receiving Bone-Targeted Therapies: An Overview – Part I, 111
- Patient Education Process in Oncologic Context: What, Why, and by Whom?, 49
- Preoperative Nutritional Status and the Impact on Radical Cystectomy Recovery: An International Comparative Study, 133
- Retrospective Audit: Does Prior Assessment by Oral and Maxillofacial Surgeons Reduce the Risk of Osteonecrosis of the Jaw in Patients

Receiving Bone-Targeted Therapies for Metastatic Cancers to the Skeleton? – Part II, 117

Skeletal Health Part 1: Overview of Bone Health and Management in the Cancer Setting, 17

Skeletal Health Part 2: Development of a Nurse Practitioner Bone Support Clinic for Urologic Patients, 22

### Case Studies

Pelvic Floor Biofeedback via a Smart Phone App for Treatment of Stress Urinary Incontinence, 88

Pelvic Muscle Exercises Using a Home Trainer for Pelvic Muscle Dysfunction: A Case Report, 82

### Catheters/Catheterization

Application to the Evidence Base: A Nurse-Driven Protocol for Removal of Indwelling Urinary Catheters across a Multi-Hospital Academic Healthcare System, 250

Chasing Zero: A Nurse-Driven Process for Catheter-Associated Urinary Tract Infection Reduction in a Community Hospital, 92

Healthcare Costs Associated with Hydrophilic-Coated and Non-Coated Urinary Catheters for Intermittent Use in the United States, 233

A Nurse-Driven Protocol for Removal of Indwelling Urinary Catheters across a Multi-Hospital Academic Healthcare System, 243

Urinary Catheter Dependent Loops as a Potential Contributing Cause of Bacteriuria: An Observational Study, 7

### Continuing Nursing Education

Empowering Our Youth: Initiating Sexual Health Education on the Inpatient Unit for the Chronically Ill Pediatric Patient, 267

Genitourinary Syndrome of Menopause and Vaginal Estrogen Use, 59

Health Seeking in Men: A Concept Analysis, 163

Osteonecrosis of the Jaw in Patients Receiving Bone-Targeted Therapies: An Overview – Part I, 111

Tele-Continence Care: A Novel Approach for Providers, 217

Urinary Catheter Dependent Loops as a Potential Contributing Cause of Bacteriuria: An Observational Study, 7

### Cost of Care

A Brief Economic Analysis of the Looming Nursing Shortage in the United States, 205

Healthcare Costs Associated with Hydrophilic-Coated and Non-Coated Urinary Catheters for Intermittent Use in the United States, 233

Sleepless in America: Burning the Candle at Both Ends? At What Cost?, 109

### Dermatology/Skin

The Association of the Braden Scale Score and Postoperative Morbidity Following Urogynecologic Surgery, 191

Osteonecrosis of the Jaw in Patients Receiving Bone-Targeted Therapies: An Overview – Part I, 111

Retrospective Audit: Does Prior Assessment by Oral and Maxillofacial Surgeons Reduce the Risk of Osteonecrosis of the Jaw in Patients Receiving Bone-Targeted Therapies for Metastatic Cancers to the Skeleton? – Part II, 117

### Diabetes and Glucose Management

Diabetes Mellitus Review, 27

### Editorial

Adult Patients with Developmental Disorders: Are You Prepared?, 161

Changing the Level of Evidence, 265

It's an Election Year, 5

Nurses: The Professionals Who Improvise to Improve Our World, 215

Nursing in Urology: Where Can We Go from Here?, 57

Sleepless in America: Burning the Candle at Both Ends? At What Cost?, 109

### General Clinical Practice

Anesthetic Concerns for Patients Undergoing a Transurethral Resection of the Prostate (TURP), 75

Diabetes Mellitus Review, 27

Hazardous Drugs in the Urology Workplace: Focus on Intravesical Medications, 183

### Health Literacy/Patient Education

Avoiding Same-Day Cystoscopy Cancellations by Veterans: Nurse-Led Education Improved Efficiency for Cystoscopy in VA Urology Clinics, 275

The Effects of a Take-Home Educational Video on Patient Knowledge Retention, Anxiety, Satisfaction, and Provider Time, 297

Empowering Our Youth: Initiating Sexual Health Education on the Inpatient Unit for the Chronically Ill Pediatric Patient, 267

Patient Education Process in Oncologic Context: What, Why, and by Whom?, 49

Indicators of Health Literacy in Bladder Cancer Survivors: A Secondary Analysis of the Integrative Health Interview Series (IHIS), 37

### Issues

Evidence-Based Nursing: When the Evidence is Fraudulent, 98

The Fine Print of Literature Reviews, 253

### Letters to the Editor

45, 202

### Men's Health

Anesthetic Concerns for Patients Undergoing a Transurethral Resection of the Prostate (TURP), 75

Application to the Evidence Base: Decision-Making in Prostate Cancer: Active Surveillance over Other Treatment Options, 150

Ciprofloxacin Resistance: A Review of Patients in East London Undergoing Prostate Biopsy, 173

A Decision Aid to Support Informed Choices for Patients Recently Diagnosed with Prostate Cancer, 48

Decision-Making in Prostate Cancer: Active Surveillance Over Other Treatment Options, 141

The Effects of a Take-Home Educational Video on Patient Knowledge Retention, Anxiety, Satisfaction, and Provider Time, 297

Health Seeking in Men: A Concept Analysis, 163

Identifying Unmet Care Needs of Patients with Prostate Cancer to Assist with Their Success in Coping, 224

Osteonecrosis of the Jaw in Patients Receiving Bone-Targeted Therapies: An Overview – Part I, 111

Retrospective Audit: Does Prior Assessment by Oral and Maxillofacial Surgeons Reduce the Risk of Osteonecrosis of the Jaw in Patients Receiving Bone-Targeted Therapies for Metastatic Cancers to the Skeleton? – Part II, 117

### Military/Veteran Topics

Avoiding Same-Day Cystoscopy Cancellations by Veterans: Nurse-Led Education Improved Efficiency for Cystoscopy in VA Urology Clinics, 275

### Pain Management

Anesthetic Concerns for Patients Undergoing a Transurethral Resection of the Prostate (TURP), 75

Retrospective Audit: Does Prior Assessment by Oral and Maxillofacial Surgeons Reduce the Risk of Osteonecrosis of the Jaw in Patients Receiving Bone-Targeted Therapies for Metastatic Cancers to the Skeleton? – Part II, 117

### Patient Safety

Anesthetic Concerns for Patients Undergoing a Transurethral Resection of the Prostate (TURP), 75

Hazardous Drugs in the Urology Workplace: Focus on Intravesical Medications, 183

### Patient Satisfaction

Anesthetic Concerns for Patients Undergoing a Transurethral Resection of the Prostate (TURP), 75

The Effects of a Take-Home Educational Video on Patient Knowledge Retention, Anxiety, Satisfaction, and Provider Time, 297

Identifying Unmet Care Needs of Patients with Prostate Cancer to Assist with Their Success in Coping, 224

Improving the Patient Experience in the Urology Office: An Evidence-Based Tool Kit to Impact Staff Perception of Patient Satisfaction, 289

Tele-Continence Care: A Novel Approach for Providers, 217

## **Pediatrics**

Empowering Our Youth: Initiating Sexual Health Education on the Inpatient Unit for the Chronically Ill Pediatric Patient, 267

## **Pelvic Floor**

The Association of the Braden Scale Score and Postoperative Morbidity Following Urogynecologic Surgery, 191

Pelvic Muscle Exercises Using a Home Trainer for Pelvic Muscle Dysfunction: A Case Report, 82

## **Prostate**

Anesthetic Concerns for Patients Undergoing a Transurethral Resection of the Prostate (TURP), 75

Application to the Evidence Base: Decision-Making in Prostate Cancer: Active Surveillance over Other Treatment Options, 150

Ciprofloxacin Resistance: A Review of Patients in East London Undergoing Prostate Biopsy, 173

A Decision Aid to Support Informed Choices for Patients Recently Diagnosed with Prostate Cancer, 48

Decision-Making in Prostate Cancer: Active Surveillance Over Other Treatment Options, 141

The Effects of a Take-Home Educational Video on Patient Knowledge Retention, Anxiety, Satisfaction, and Provider Time, 297

Identifying Unmet Care Needs of Patients with Prostate Cancer to Assist with Their Success in Coping, 224

Osteonecrosis of the Jaw in Patients Receiving Bone-Targeted Therapies: An Overview – Part I, 111

Retrospective Audit: Does Prior Assessment by Oral and Maxillofacial Surgeons Reduce the Risk of Osteonecrosis of the Jaw in Patients Receiving Bone-Targeted Therapies for Metastatic Cancers to the Skeleton? – Part II, 117

## **Quality/Performance Improvement**

Avoiding Same-Day Cystoscopy Cancellations by Veterans: Nurse-Led Education Improved Efficiency for Cystoscopy in VA Urology Clinics, 275

Chasing Zero: A Nurse-Driven Process for Catheter-Associated Urinary Tract Infection Reduction in a Community Hospital, 92

Ciprofloxacin Resistance: A Review of Patients in East London Undergoing Prostate Biopsy, 173

Effect of an Education Presentation on the Knowledge and Awareness of Urinary Tract Infection among Non-Licensed and Licensed Health Care Workers in Long-Term Care Facilities, 67

The Effects of a Take-Home Educational Video on Patient Knowledge Retention, Anxiety, Satisfaction, and Provider Time, 297

Identifying Unmet Care Needs of Patients with Prostate Cancer to Assist with Their Success in Coping, 224

Improving the Patient Experience in the Urology Office: An Evidence-Based Tool Kit to Impact Staff Perception of Patient Satisfaction, 289

A Nurse-Driven Protocol for Removal of Indwelling Urinary Catheters across a Multi-Hospital Academic Healthcare System, 243

Nurse-Initiated Telephone Follow Up after Ureteroscopic Stone Surgery, 283

Retrospective Audit: Does Prior Assessment by Oral and Maxillofacial Surgeons Reduce the Risk of Osteonecrosis of the Jaw in Patients Receiving Bone-Targeted Therapies for Metastatic Cancers to the Skeleton? – Part II, 117

Tele-Continence Care: A Novel Approach for Providers, 217

## **Research**

The Association of the Braden Scale Score and Postoperative Morbidity Following Urogynecologic Surgery, 191

Ciprofloxacin Resistance: A Review of Patients in East London Undergoing Prostate Biopsy, 173

Cycling Versus Continuous Mode in Neuromodulator Programming: A Crossover, Randomized, Controlled Trial, 123

Decision-Making in Prostate Cancer: Active Surveillance Over Other Treatment Options, 141

The Effects of a Take-Home Educational Video on Patient Knowledge Retention, Anxiety, Satisfaction, and Provider Time, 297

Evidence-Based Nursing: When the Evidence is Fraudulent, 98

Healthcare Costs Associated with Hydrophilic-Coated and Non-Coated Urinary Catheters for Intermittent Use in the United States, 233

Identifying Unmet Care Needs of Patients with Prostate Cancer to Assist with Their Success in Coping, 224

Improving the Patient Experience in the Urology Office: An Evidence-Based Tool Kit to Impact Staff Perception of Patient Satisfaction, 289

Indicators of Health Literacy in Bladder Cancer Survivors: A Secondary Analysis of the Integrative Health Interview Series (IHIS), 37

A Nurse-Driven Protocol for Removal of Indwelling Urinary Catheters across a Multi-Hospital Academic Healthcare System, 243

Preoperative Nutritional Status and the Impact on Radical Cystectomy Recovery: An International Comparative Study, 133

Urinary Catheter Dependent Loops as a Potential Contributing Cause of Bacteriuria: An Observational Study, 7

## **Scholarly Publishing**

Changing the Level of Evidence, 265

Evidence-Based Nursing: When the Evidence is Fraudulent, 98

The Fine Print of Literature Reviews, 253

Nurses: The Professionals Who Improvise to Improve Our World, 215

Nursing in Urology: Where Can We Go from Here?, 57

## **Sexual Health**

Empowering Our Youth: Initiating Sexual Health Education on the Inpatient Unit for the Chronically Ill Pediatric Patient, 267

## **Surgery**

Anesthetic Concerns for Patients Undergoing a Transurethral Resection of the Prostate (TURP), 75

The Association of the Braden Scale Score and Postoperative Morbidity Following Urogynecologic Surgery, 191

The Effects of a Take-Home Educational Video on Patient Knowledge Retention, Anxiety, Satisfaction, and Provider Time, 297

Nurse-Initiated Telephone Follow Up after Ureteroscopic Stone Surgery, 283

Preoperative Nutritional Status and the Impact on Radical Cystectomy Recovery: An International Comparative Study, 133

Vaginal Mesh in Pelvic Reconstructive Surgery: Controversies, Current Use, and Complications, 48

## **Telehealth**

Nurse-Initiated Telephone Follow Up after Ureteroscopic Stone Surgery, 283

Tele-Continence Care: A Novel Approach for Providers, 217

## **Translating Evidence into Clinical Practice**

Application to the Evidence Base: Decision-Making in Prostate Cancer: Active Surveillance over Other Treatment Options, 150

Application to the Evidence Base: Effect of an Education Intervention on Urinary Tract Infection Knowledge, 72

Application to the Evidence Base: A Nurse-Driven Protocol for Removal of Indwelling Urinary Catheters across a Multi-Hospital Academic Healthcare System, 250

## **Urinary Incontinence/Urgency**

Application to the Evidence Base: A Nurse-Driven Protocol for Removal of Indwelling Urinary Catheters across a Multi-Hospital Academic Healthcare System, 250

The Association of the Braden Scale Score and Postoperative Morbidity Following Urogynecologic Surgery, 191

Cycling Versus Continuous Mode in Neuromodulator Programming: A Crossover, Randomized, Controlled Trial, 123

Healthcare Costs Associated with Hydrophilic-Coated and Non-Coated Urinary Catheters for Intermittent Use in the United States, 233

A Nurse-Driven Protocol for Removal of Indwelling Urinary Catheters across a

Multi-Hospital Academic Healthcare System, 243  
Pelvic Floor Biofeedback via a Smart Phone App for Treatment of Stress Urinary Incontinence, 88
